

## Idea 1:

**Manage Current Rentals Page**

Once click on an action button, have a pop-up window with corresponding functions

For each product, includes three action buttons

**Product Browse Page**

Filters on the left

Search bar on top

User profile

Each product includes: a photo, a title, a price, and a condition tag

**Product Specific Page**

Search bar on top

User profile

Type: — Brand: X

Condition

\$XX.XX /month

RENT BUY

Comments

Can choose among different conditions and compare prices

## Idea 2:

**Landing Page**

Rent Buy

Curated Recommendations

Sign Up

**Exploring Page for Returning Users**

Top Picks Your Recs

New...

**Adding categories in Searchbar**

Breaking down products into categories

**Adding categories in Searchbar (Variation)**

Phones

Searching & Sorting

Giving each item a card

**Alternate Recommendations Layout**

## Idea 3:

**Title Page (for current subscribers)**

Desktop

Logo

Marketplace

Manage Subs

Subscriptions

Market place Recommended

New iPhone Top Plan

**Mobile**

Subscriptions

Smoothie IP Phone Mouse

Manage
